Revised FY27 Budget: SRO Costs Reallocated to the City

8.1 & 8.2 — Public Hearing on the Revised Budget Warrants [1:03]

Discussion Summary

This special meeting existed for one purpose: formally reducing the FY27 school budget after City Council agreed to move the full cost of the district's School Resource Officer (SRO) program out of the school budget and into the City's public safety budget — the reallocation request Chair Mancuso first raised in writing at the April 8 Finance Committee meeting. No members of the public spoke at the hearing.

Key Decisions

✓ 8.1 (recess into public hearing): approved 6–0.

✓ 8.2 (close public hearing, return to session): approved 6–0.

Action Items

None.

8.3 — Adoption of the Revised FY27 Budget (First Reading, Roll Call Vote) [2:35]

Discussion Summary

Chair Mancuso read the specific warrant revisions into the record, touching three articles: Article 3 (additional local funds) reduced from $11,829,489.94 to $11,693,194.55; Article 4 (total budget) reduced from $57,349,321.39 to $57,213,026.00; and Article 4A (regular instruction) reduced from $21,712,387.01 to $21,576,091.62. Each reduction reflects the same $136,295.39 — the school department's former 50% share of SRO salary and benefit costs, now reallocated entirely to the City's public safety budget. Chair Mancuso publicly thanked City administration and City Council for accommodating the change.

Key Decisions

✓ Approved 6–0 by roll call (first reading); a second and final reading follows May 4, ahead of City Council's own second and final vote on the combined budget the same evening.

Action Items

None.

How this was made

This summary was produced from the meeting video (linked above, hosted on the City's Vimeo showcase). The audio was downloaded with Downie 4 and transcribed with speaker diarization using MacWhisper. Claude (Anthropic's AI) cross-checked names against the official School Committee roster, attributed speakers from context (introductions, roll-call order, direct address by the Chair) rather than the raw diarization labels alone, and drafted this summary and the quoted excerpts. Quotes are lightly cleaned of filler words/false starts but not reworded. Review tier: Not reviewed.
